SOUL IN *your* HOME

SOULFUL LIVING

When I am looking for fresh ideas or need to recharge, I have to move. Daily life is an endless source of inspiration to me. I read a book, visit my favourite shops or go on a nice trip, and my soul is filled with new energy and impressions.

My favourite item this season is COCO. This collection includes a bench that can be used as a coffee table, pouf, or daybed, thanks to the variety of sizes available. It's a custom-made piece that is incredibly versatile. You can sit on it, place books on it, rest your feet on it, put it in the center of a room, or tuck it to the side. It's very adaptable to any space. Additionally, it is exceptionally soft as it is

made with one of our many fabric options. I particularly like the low and wide bench version, so I can lounge in the sofa and rest my feet on it ;)

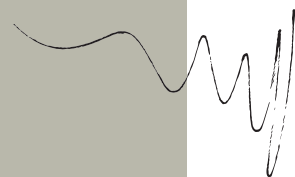

Quality is at the heart of it all. Although we have been an established name for years, we want to keep a fresh perspective.

Catherine

ARCHITECT OF TIMELESSNESS

"I still reflect my own childhood memories in my designs."

A home, to me, is more than just a place where I feel at ease, it is a sanctuary to unwind, recharge, and even be a bit silly when the mood strikes. It's a canvas where I can express myself, surrounded by things that bring joy, both material and immaterial. It's a place where souls travel and meet.

Our newest AW24-25 item, CABANE, is an element that can't be missed in a home. It's a wooden base made from high-quality mango wood, offering a replacement for our current (metal) Flex-legs we use for our coffee tables. Mango wood is easy to work with, allowing for complex designs and smooth finishes. Despite being a hardwood, mango wood is relatively light and extremely durable.

This versatile base is designed to perfectly complement various tabletops, giving you endless possibilities. I preferred to use wood for the legs, due to its natural appeal and the warmth it radiates.
