SOUL IN *your* HOME

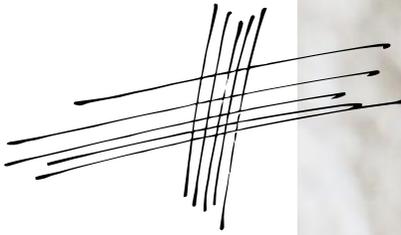

Fabrics

## Stitching stories

Our fabrics are suitable for **personal and professional use**. That is why it includes a wide range of covering fabrics.

This collection is versatile and can be used for **sofas, chairs, poufs, and benches**. However, it's important to note that not every fabric is suitable for every type of furniture.

**Our textiles are categorized** from one to eight, each characterized by quality and pricing. To find the perfect match for your needs, refer to the labels on page 4 and choose the category that best suits your needs.

### More fabric fun

Besides fabrics for sofas and chairs, we now also have poufs, benches & daybeds in our range.

A selection of fabrics is applicable on these items. Check the icon below each category.

▲ **Sofa** Toronto - **Fabric** Enjoy Me 19 | **Bench** Coco - **Fabric** Chenille 15 | **Pouf** Myra - **Fabric** Fiore 02

### Easy to clean

At the production stage, the fibres are covered with a special finish that protects the fabric from dirt penetration. Thanks to this, all stains are quickly and efficiently cleaned.

### Pet friendly fabrics

The fabrics from this group experienced special laboratory tests to check resistance to snagging caused by scratching. They are very durable and easy to clean.

### Liquid-repelling surfaces

A technology of covering the fabric with a special hydrophobic coating that effectively avoids the absorption of spilled liquids, leaving drops on the surface of the material.

### The environment in our mind

Recycled fabrics demonstrate our planet's care by sustainably cutting water and electricity use and lowering CO<sub>2</sub> emissions.

*Did you know...*

*our Belgian linens  
are stonewashed?*

In this refined process, the fabric undergoes a stonewash treatment (effectively washed in a drum with stones), becoming exceptionally soft and acquiring a gently worn texture that enhances its relaxed, casual appeal.

Thanks to the pre-wash, the fabric is so-called "pre-shrunk". This creates minimal residual shrinkage during cleaning.

**OEKO-TEX®**  
CONFIDENCE IN TEXTILES  
**STANDARD 100**   
20.HPL.17915 HOHENSTEIN HTTI  
Tested for harmful substances.  
[www.oeko-tex.com/standard100](http://www.oeko-tex.com/standard100)

OEKO-TEX is a certificate that confirms high quality and safety of textile products that is awarded by an independent research institute.

Textiles that have been tested for presence of harmful substances, are free from prohibited chemicals, PFC, allergenic dyes, azodyes and heavy metals.

OEKO-TEX proves that our products are safe and do not constitute hazard to their users and the natural environment.
